CURRENT WASTEWATER CHARGE: \$ _____

ACCOUNT USER CODE: D LD AD M
(Circle one) Domestic Customers, Domestic with Agriculture, Multi Unit Customers (Apts.)

In understand that my sewer flow is calculated by determining the average usage during the previous 2 years of winter months (3 months/year, averaged. Dec, Jan. Feb usage). I am appealing my sewer flow based on the following reasons: (Check one or more) **Provide comments below.**

IRRIGATION: I have significant Landscaping or Agriculture crops that require irrigation during the winter months. If you check this box – you MUST provide a landscaping plan.
 Check here. I HAVE INCLUDED THE REQUIRED plot plan of the irrigation system with measurements and square footage - to the best of my ability. A description and details of my request is provided below and/ or attached.

NEW OWNER: I recently moved into this house, and I am requesting a review. Note: all new owners are set to the District Average (6) and accounts will be adjusted when 2 (min.) winter months have been registered. The move in date is: _____ Provide comments below.

LEAK: I had a leak during the one or more of the winter months. Provide comments below. The leak began: _____ and ended on _____. Additional details and evidence will be attached and / or provided below.

OTHER: Due to reasons, I am requesting a reduction to the sewer flow. Provide comments below.

Comments (Include how and why the water usage increased during “winter” and does not go to the sewer - number of persons, leaks, landscaping, etc): _____
